Milwaukee County Parks

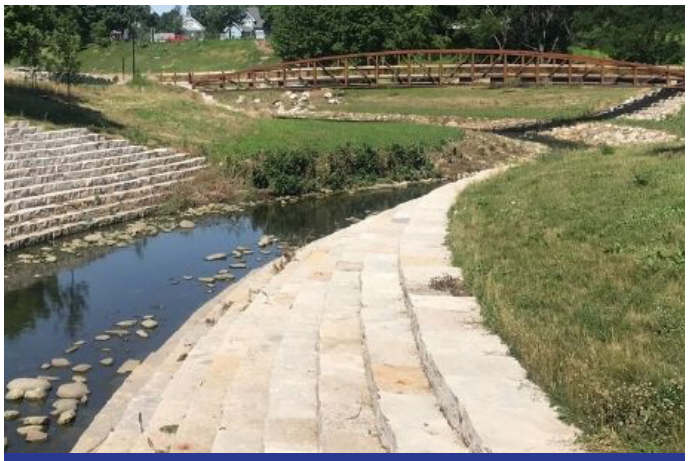
LITTER CLEAN UP

Bradford Beach

2400 N. Lincoln Memorial Dr.

As one of the most accessible recreational areas along Milwaukee's beach front, it's important to keep this area clean and safe, so that everyone can access the beach and water. Join us at the lakefront to:

- Clear glass and other dangerous debris from sidewalks and parking lots
- Remove litter and trash from the beach, parking area, and near large boulders near the shoreline



Pulaski Park

1644 W. Cleveland Ave.

Help us prepare for the Healthy County Challenge event on July 15. Let's ensure the park is clean, litter free, safe and accessible for all participants. At this location we will:

- Sweep glass and other dangerous debris from sidewalks, basketball courts, and parking lots
- Weed and mulch recent plantings to ensure native species can thrive
- Litter clean-up in the park, along sidewalks, and waterways

JULY
13
9am - Noon

For questions or to RSVP contact christina@tacwi.org or 414.373.9595
Let her know which location you would like to participate with!
More details will be communicated closer to the event.
